

BRYSTON

A Lifetime of Music

MEMO: To All Bryston Customers SUBJECT: Bryston System – Customer Feedback

Hi Gary,

We exchanged emails a few months back about the email newsletter. I have received a few since then thank you.

Regarding the all Bryston system we were looking at, we went ahead with the purchase of the following components from Rick at The Audio Alternative, Fort Collins, CO.

BRYSTON:

BDP-2 Player

BDA-3 DAC

BP-26 Preamp

MPS-2 PS

7B3- Mono

BIT-20 Balanced

Model T Passive

Speakers

I have included a picture of the set-up in our living room. Please ignore the fireplace. The restoration of which took a backseat to the stereo. We would like to give praise to Rick at The Audio Alternative who drove from Fort Collins, Colorado to Salt Lake City to make sure we were happy with the set-up. That kind of customer service is exactly what we are looking for with this type of purchase as it is more of a long-term relationship than a one off purchase. We look forward to making future additions to our system with Rick. We are very excited about the Bryston turntable and are waiting for Rick's analysis. He has some stiff competition at his shop with Linn and Thorens.

We are very happy with the system we purchased and look forward to many years of enjoyable (sometimes loud) listening.

Matt & Amelia
